# Intelligent OCR bots driving efficiency and cutting costs

R Systems' AI-driven OCR Bots revolutionize customer onboarding for an insurance company, automating data processing, enhancing accuracy, and lowering operational costs.

# OUR SUCCESSES

## Insurance

With over 500 customer records received daily, this insurance company was looking to digitize its customer on boarding process. The data processing steps of transcribing, verifying, and updating documents in the core systems was highly manual and time-consuming. R Systems' AI experts deployed Bots with intelligent OCR capabilities to accurately capture and autofill data from a range of documents. It has also enabled them to do real-time data comparison and with lower operational costs.

**Results:**

**60%**
**increase** in business ROI

**90%**
